NOTE 1.—The Bank of Monroe made a return to the Treasury Department. The accounts of the other banks, in the first division of the table, have been taken from the report of the bank commissioner of January 5, 1837.

NOTE 2.—The statement of the affairs of the two banks in the second division of the table have been taken from the Treasury report of January 3, 1837; no later returns of the condition of these banks having been received at the Department, except those since the suspension of specie payments, given in table No. 2. It is probable that the operations of the Bank of Pontiac and Bank of Washtenaw were, on the 1st of January, 1837, greater than at the dates given in the table, and that other banks besides those mentioned above were in operation in Michigan on or about the 1st of January, 1837. The Department has endeavored to obtain more exact information, but without success.

NOTE 3.—The Bank of Michigan has a branch at Bronson, and the Farmers and Mechanics' Bank a branch at St. Joseph. The Bank of the River Raisin had not, in January last, availed itself of the privilege of establishing a branch at Pontiac.
