Election 1st Monday and Tuesday of November.

BANK RETURNS.—In compliance with the terms of the suspension law, we lay before our readers, to-day, an abstract of the returns of the banks of this State, which has been prepared for publication by the Bank Commissioner. We ventu e to say, that the returns show the banks of Michigan, in the aggregate, in as sound and healthy a condition as those of any other State in the Union.

TREASURY REPORT.—We publish to-day that portion of the Report of the Secretary of the Treasury which relates to the moneys which ought by law to be made receivable for public dues. Mr. Woodbury, it will be seen, does not urge that gold and silver exclusively should be required in payment. In another part of the Report, he very distinctly intimates the propriety of receiving bank paper "which is paid on demand, in gold or silver coin, at the place where issued, and is equivalent to specie at the place where offered, and which is convertible into gold or silver upon the spot at the will of the holder and without loss to him."
