Average dividends of thirty-two banks in Boston, in October, 1851, a fraction over 3 71-100 per cent.; in April, 1852, a fraction over 3 89-100 per cent. Average dividends of one hundred and five banks out of Boston, in October, 1851, a fraction over 3 94-100 per cent.; in April, 1852, a fraction over 3 76-100 per cent. Average dividends of one hundred and thirty-seven banks in and out of Boston, in October, 1851, a fraction over 3 80-100 per cent.; in April, 1852, a fraction over 3 84-100 per cent.

* The first seven items of these two totals fail of making the eighth, because of an error of ten cents in the return of the Tradesman's Bank of Chelsea.
† The deficiency in this side of the account is owing to a deficit in the account of the Blue Hill Bank of $21,938 44, of which it has been robbed.

Remarks.

By acts of the General Court of 1851 the following banks were authorized to make additions to their capital stock, which have been paid in, as follows, namely:

Cochituate, in Boston, $100,000; of which was paid, February 16, 1852, $25,000; March 1, $25.000; April 12, $26,900; April 14, $23,100.

Granite, in Boston, $250,000; of which was paid, August 1, 1851, $150,000; April 12, 1852, $100,000.

Bay State, in Lawrence, $200,000; of which was paid, October 20, 1851, $100,000; April 26, 1852, $100,000.

Adams, in Adams, $50,000; of which was paid, July 1, 1851, $25,000; October 6, 1851, $10,000; April 5, 1852, $15,000.

Fall River, $50,000; paid July 7, 1852.

Barnstable, in Yarmouth, $100,000; paid October 1, 1851.

Agricultural, in Pittsfield, $50,000; paid January 1, 1852.

Several of the banks made return of a dividend for October, 1852. The abstract having relation to the state of the banks in September, takes no cognizance of such dividends.

In the return of the Cochituate Bank no difference is made between bills in circulation of five dollars and upwards, and bills in circulation less than five dollars; and also no difference between bills of other banks incorporated in this State and elsewhere.

The stockholders of the Manufacturers' Bank, Georgetown, (with the exception of one individual owning five shares,) have all received the par value of their stock, viz: $100 per share. The surplus will be divided after the redemption of the small balance of outstanding bills. The bills are still redeemed at the Suffolk Bank.

It will be seen that the aggregate "total amount due from the banks," and "total amount of the resources of the banks," do not agree, by the sum of $21,938 44, which is a deficit in the account of the Blue Hill Bank. All the other banks balanced on the face of the return; but examination detected an error of ten cents in the return of the Tradesman's Bank, of Chelsea, to which fact is chargeable the failure of the first seven items of the aggregate "total amount due from the banks," to make the eighth or aggregated total.
